CDE funded contracts: 1 April 2013 to 31 March 2014

Updated 2 November 2016

Contents

1. Enduring competition
2. Protecting military platforms
3. Integrated computational materials science and engineering
4. Cyber defence: host-based detection of cyber insider threats
5. UK Biological Engagement Programme: strengthening biological security
6. Novel solutions for emulating ship signatures
7. The medic of the future
8. Innovation in drug development processes
9. Secure communications
0. Countering insider threat attacks
 1. Precision timing and navigation
 2. The challenges of countering terrorist networks
 3. Smart and multifunctional micro- and nano-scale materials and structures for defence and security
 4. Generic enablers for low Size, Weight, Power and Cost (SWAPC) ISTAR

Cubica Technology (SME)	CDE35129: Behaviour analysis & early-stage insider threat detection via deep learning of multiple host observables	£44,125.00
Frazer-Nash Consultancy (large)	CDE34785: Securing against the insider threat	£59,154.58
Noumena research Ventures (SME)	CDE34891: Oblivious monitoring games to catch malicious insiders	£99,622.50
RipJar Ltd (SME)	CDE34922: Realtime behaviour anomaly detection detection exploiting both metadata & unstructured content	£136,125.00
Lancaster University (academia)	CDE34927: Automating the extraction & evaluation of interpersonal behaviours that identify legitimate insiders	£41,510.35
Durham University (academia)	CDE34938: Identifying anomalous human behaviour in heterogeneous systems using beneficial intelligent software (Benware)	£134,818.41
ThinkingSafe Ltd (SME)	CDE34941: Host-based insider threat detection-automated threat detection using novel behavioural threat indicators	£93,000.00
University of Oxford (academia)	CDE34988: METAVIS bio & man-made environmental visual metaphors for insider threat detection in digital systems	£98,263.16
Project4 technologies Ltd (SME)	CDE35128: Cyber defence	£110,775.00
Insighlytics Ltd (SME)	CDE35140: Anomaly detection inside a reasoning system	£67,875.00
University of South Wales (academia)	CDE35047: A NICHE approach to host based insider threat detection	£92,500.00

UK Biological Engagement Programme: strengthening biological security
